## NYLON FACE BUMPER

The Nylon Face Dock Bumper has a large impact area with no holes in the face plate for the back of the truck to snag on. The 50mm thick face can slide freely up and down in its steel cradle back plate. Replacing the worn nylon face is simple and can be done in seconds saving time and money in maintenance costs.

Dimensions: 450 x 260 x 110 mm  
Weight: 27 kg

Vat Reg No. 130627933
